

REMARKS

Original claims 22-34 and new claims 35-56 appear in this application for the Examiner's review and consideration.

In response to the Examiner's restriction requirement dated August 31, 2005, applicants elect, with traverse, the method claims of Group II, claims 22-34, for prosecution in this application. Accordingly, claims 1-21 have been cancelled without prejudice to applicants' rights to file a divisional application for the subject matter of the cancelled claims.

New claims 35-56 have been added to recite preferred embodiments of the present method. These claims are supported by original claims 1-21 and do not introduce new matter, so that they should be entered. Since these claims are directed to the method of group II, they should be examined with claims 22-34 at this time.

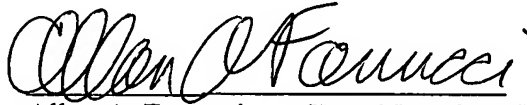

It is believed that the entire application is in condition for allowance, early notice of which would be appreciated.

No fees are believed to be due for this submission. Please charge any required fees to Winston & Strawn LLP Deposit Account No. 50-1814.

Respectfully submitted,

Date: _____
